Sarah's Stitches

by Sarah W

Two years ago around this time we started to hear about this illness called Covid. Who would have thought it would take this long to start getting totally back to normal. In the UK everything is open and masks are no longer needed, maybe in a few weeks things here will ease a little more.

It was nice to hear so many of you having ideas about programs for the coming year and volunteering to share the knowledge with the rest of the group. Thanks to Phyllis for leading the discussions.

Hopefully a couple of you have your yarn and have swatched for the Napkin sweater, if you have any questions you can always pop on zoom on a Wednesday or Friday evening for help.

Keep knitting

February Program: Tool-Essential Nice and Fun!

Submitted by VPs Programs: Tonya B and Phyllis H

This month's program is all about TOOLS! Peggy A will be leading a discussion on all

types of tools, from essential, nice to have and just plain fun! Ever wondered what tools to always have in every project or travel bag? What essential tools to keep handy around the house? What tools may be available for that special feature on a project? What fun tools others are using that bring a giggle? How about what to do with those little balls of leftover yarn instead of putting them in the raffle? Then this
