## SARAH'S STITCHES

Planning is progressing for our Booth at Stitches So Cal. Hope you are all making progress on your two ball challenge items. If anyone has anything else finished (perhaps a napkin sweater or two) they are willing to have displayed at the booth please bring it to me either at sit n knit or the meeting, I would like to have all display items collected by the October meeting if possible. Please also confirm to me asap if and what you are willing to teach at the playground, I would like to get that list to the organizing team just after the next meeting at the latest. Now for a request. One thing we haven't collected as yet is Yarn! If you have a ball or two spare of worsted or thicker please bring it to sit n knit or a meeting. Instead of making scarves this year I thought we could have people making blanket pieces so we can make up some patchwork lap blankets. I have a load of needles just need the yarn for people to sit and work on during the event. I have asked for thicker yarn as I thought we could make them single ply this time rather than spending time making up multi color balls.

Keep cool and knitting

Sarah W

## SEPTEMBER PROGRAM:

### Knitting Neat Edges As You Go

Program VPs: Tonya B and Phyllis H

Our August program presented by Annalisa C on Thumb Gussets was very informative and sample packed - make sure you acquire your copy of the handout, as it is jam packed! Thank you Annalisa!

The September program will feature Tonya B sharing Knitting Neat Edges As You Go. Bring your swatch supplies to work all the various options, resulting in your own personal Edge
