### JOAN'S JOTTINGS

Did you know that yarn multiplies when it comes to my house? I think that every time I shut the garage door, strange things started happening.

We had a very successful Great Yarn Giveaway. Thank you to Carol H. for a massive amount and to Elaine H. and Gwen S. for lots more to add to the excitement. All but one tub marched away to new grateful owners.

One and a half weeks later, Knit Picks sent 2 great big boxes of yarn (I had to transfer to 5 tubs) to be used and given away at World Wide Knit in Public Day. So, I expect to see you on June 8th between 10 and 2 at the flagpole in Recreation Park, El Segundo. (Walk past the entrance to the Joslyn Center and you will see us.)

Mostly, we will be sitting around knitting, crocheting and chatting!

Come and have fun!

Joan

### June Program: Assistance with Fusion Knitting

Vice President: Tonya B

At our May program we learned how to needle felt! Sylvia demo'd and explained how to do this interesting/fun technique and we made gnomes. A wonderful technique for making many new gifts and embellishments. Thank you, Sylvia!
