Joan's Jottings

March is the transition from winter to spring. It is a time when knitters shift their focus from heavy wool sweaters to crafting delicate shawls, lightweight scarves, and colorful accessories that capture the spirit of renewal. After our delightful visit to Trendsetter Yarn, we should have many new ideas and new yarn to play with.

This month we are continuing the ESSS tradition of charitable works. With all of us seaming squares we should be able to finish many blankets. (And finally get rid of the squares that were knitted at the last Stitches in Pasadena.) As we know, “Many hands make light work!” If you have never seamed before, never fear, we will teach you.

March is also the dues cutoff month. If you have not paid, you will not receive future Newsletters and will not be able to access the Members Only portions of the website. Even more importantly, we will miss you.
